

MCCARTHY HAS STRANGLE HOLD

"Working Card" System Keeps Coffers Filled.

Union Men Ride on Cars, but Pay Strike Dues.

Big Fund Accumulating for Campaign Expenses.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Aug. 4.—[Exclusive Dispatch.] In a box in a Mission street safety-deposit bank, there is \$40,000 belonging to the union "strike fund," and there is trouble coming as to the disposition thereof. Although the union officials claim to be paying off \$200 strikers every week, it is hard to see where they get that number out of 1700 carmen who went out on strike. The general belief among union men is that P. H. McCarthy is using the money for campaign expenses for his branch of the labor-union party during the coming city election. But, as another labor-union party has sprung up, opposed to him, the situation offers embarrassing complications.

It is certain, however, that Pinhead is keeping the ghost of a car strike alive for the single purpose of having an excuse to collect these enormous sums that pour into the union coffers every week. All the labor people thus mulcted every week are bitterly resentful, but can't help themselves.

Pinhead's own carpenters' union is said to be in open revolt against the union buses, and will begin Monday to ride on the street cars. They will have to keep on paying the strike tax, however. McCarthy has a strangle hold on all the men in the building trades through his "working card" system. No matter what his standing in the union may be, no union man can go to work on a building without a "working card." And no one gets a working card unless he has paid his dues to the union. Wherefore, the carpenters will have to go on paying money to support the strikers and to fill the union treasure boxes, although they themselves ride in the street cars.

During the last week, some of the most prominent men in the unions have been seen on the cars. No line for car riding is collected whatever. When two labor-union men get on a car at the same time, they pretend not to notice one another.

Pinhead has now become the recognized head of the labor movement here, although it seemed a few months ago that his power was waning. Andrew Furmanoh of the water front, was formerly placed at the head of the Strike Committee, but Pinhead smothered him in some manner.

TIES OF UNIONISTS DEMANDS.

Shipping Federation Puts Wages on Old Basis and Threatens Lockout.

If Resisted.

(BY DIRECT WIRE TO THE TIMES.)

ANYWHER, Aug. 4.—[Exclusive Dispatch.] The Shipping Federation has become tired of the constant effectiveness among some laborers and has determined to install the threatened general strike and to take the strongest possible measures against the agitators.

Recently the dock laborers struck and obtained one franc a day advance. Now the employers have withdrawn the supplementary franc and returned to the old scale of wages of four francs per diem, and announced a general lockout if the men refuse these terms.

Twelve hundred British dock laborers will arrive on the steamer Cambrian tomorrow.

The Shipping Federation has already subscribed \$100,000 towards strike expenses, and as it is composed of ship owners, brokers and agents, it forms an extremely strong body against which the dock laborers have little chance.

STRIKE-BREAKERS ON WAY.

Men to Replace Members of Brotherhood of Trainmen Who Walked Out at Denver.

(BY THE ASSOCIATED PRESS-P.M.)

DENVER, Aug. 4.—Officials of the Colorado and Southern Railway Company said today that seventy-five strike-breakers were on the way to Denver from different parts of the country to take the places of strikers, yardmen, brakemen and others of the Brotherhood of Railway Trainmen who are on strike to enforce the demands of switchmen and yardmen for an increase in wages of two cents an hour.

This is the principal development in the strike. One freight train was sent out of the yards today, manned by brakemen who took the places of strikers and they were furnished the protection of a deputy sheriff from this city. Work in the local yards continued as in the past week or more with non-unionists.

FRICK WOULD LIKE "RECESSION."

Declares Business Situation Has Been Too Tense for Best Interests of the Country.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 4.—[Exclusive Dispatch.] Having embarked suddenly because of the illness of H. H. Rogers, Henry C. Frick arrived today on the New York of the American line. Before the steamship sighted land, Mr. Frick was informed by wireless that his friend was out of danger.

When Mr. Frick was asked as to the recent reports of a "recession" in business, he said:

"If there is a recession it will be a good thing for the country, and not in any sense disastrous. It is not at all desirable to keep up a situation of tension as has been existing. The rest that will come, if this be true, will not injure either labor or capital. In my mind you, I am not saying that there is a recession."

SUES CITY FOR HIS JOB.

Attorney Legated Out of Office by New Charter Attacks Document in Courts.

(BY DIRECT WIRE TO THE TIMES.)

DALLAS (Tex.) Aug. 4.—[Exclusive Dispatch.] The new commission form of government, less than two months old in Fort Worth, is in jeopardy. Its legality has been attacked in court by former City Attorney E. C. Orrick, who was legated out of office under the new city charter recently granted by the State.

Orrick sues the city for his office, and \$1000 damages. He attacks the legality of the entire municipal government on numerous points.

H. D. LOVELAND of San Francisco, president of the Trans-Mississippi Commercial Congress.

CALLS MEETING OF WESTERNERS

TRANS-MISSISSIPPI CONGRESS TO GATHER IN OKLAHOMA.

President of Association Invites Executives of States, Territories, Cities and Commercial Bodies to Send Delegates to Session Set for November 19-22.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Aug. 4.—[Exclusive Dispatch.] H. D. Loveland, president, has issued the following call for the eighth annual session of the Trans-Mississippi Commercial Congress:

"To the Governors of States and Territories and Mayors of cities; also to the commercial clubs, Chambers of Commerce, Boards of Trade, manufacturing, mercantile, maritime, live stock and immigration organizations:

The eighteenth annual session of the Trans-Mississippi Commercial Congress is hereby called to meet in the new State of Oklahoma, at Muskogee, November 19, 20, 21 and 22, 1919.

The Governor of each State and Territory may appoint ten delegates and one additional delegate for every fifty members, provided, however, that no business organization shall have more than ten delegates.

Governors of States and Territories, members of Congress of the United States, and former presidents of the Trans-Mississippi Commercial Congress are ex-officio members, and the privileges of delegates, except voting. Permanent members have all the privileges of delegates except the right to vote.

The admission of Oklahoma and Indian Territory is, therefore, suggested as a fitting occasion for the assembling of the commercial interests of the Trans-Mississippi States.

The message of the President of the United States to the National Congress, January 23, 1907, endorsing the recommendation of the Trans-Mississippi Commercial Congress, urging a closer commercial union with the Latin republics, again brings forcibly to the attention of the commercial bodies of the Trans-Mississippi section the necessity for further agitation along this line to the end that the commerce of the country may be so enlarged as to obtain unrestricted and speedy intercourse with the republics of Central and South America.

Attention is also directed to the prompt action of President Roosevelt in appointing an Inland Waterways Commission, whose duty it is to prepare and report a comprehensive plan for the improvement of the river systems of the United States. Inasmuch as the Trans-Mississippi States and Territories are especially interested in the work of this commission, the commercial organizations of this section are urged to give this matter attention when delegates are selected to attend the congress.

THE IMPORTANCE OF THE MINING INDUSTRY as a source of national wealth calls for recognition beyond the limited operation of a mere bureau, upon the dual demand of holding the water both vertically and horizontally. Secretary Garfield expressed his belief that the dual demand of the Colorado River is the key to the development of the Territory. Louis C. Hill and Francis L. Sellow of the Reclamation Service, and W. J. Doran, H. T. Cory and F. C. Herrmann of the development company.

Regarding the sale of the Owens River bonds, Secretary Garfield said that a financing city, like a starving man, must have water at any price. Tonight the Secretary was rendered a reception at the Southern Pacific hotel, at which Maj. A. L. DeMund presided.

DES MOINES (Iowa) Aug. 4.—[Exclusive Dispatch.] Iowa politicians are surprised at the manner in which Hughes sentiment appears to be developing in this State. He is constantly being pointed out as the one possible candidate for the Presidency with no outstanding alliances, and who will be strong by reason of the fact that he is in a measure unknown.

A morning paper here today had interviews with leading Republicans, and the consensus of opinion was that Hughes would eventually be nominated, although perhaps Cannon and Taft would have strong followings.

It is argued that Hughes would be better known by the date of the national convention than Garfield was in 1880.

Taft's Candidacy Belittled. His Friends Think He Must Strike Out for Himself, but Believe He Will Follow Roosevelt.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 4.—[Exclusive Dispatch.] Now that Secretary William H. Taft has been formally enrolled in the hand of "favorite sons," with the party leaders of Ohio handing out the certificate of character, there is renewed interest in New York and the East in his chances for the nomination and in the platform he is expected to outline for himself in his speeches.

There is a widespread effort in New York to belittle the candidacy of Secretary Taft, but popular opinion, honestly expressed, is that he looms at present the largest figure in the field. As to what will become of his boom in the heat of the subsequent proceedings there is vastly more doubt. Many of Mr. Taft's admirers in New York and he has an army of these—are expressing the belief that he never will be nominated unless he varies from Rooseveltian policies, but those who are close to the Secretary say that in his coming speeches he will show close to the lines of the President's ideas.

SOLID FOR FAIRBANKS. Governor of Indiana Assests His State Will Nominate Her Son for President.

(BY DIRECT WIRE TO THE TIMES.)

OMAHA, Aug. 4.—[Exclusive Dispatch.] Governor Hanley of Indiana, who was in Omaha today, said, in an interview, that his State would support Vice-President Fairbanks for the Republican nomination for the Presidency.

"There is no question about Indiana's sincerity in supporting Mr. Fairbanks," he said. "We know him and believe in him. He is one of the most honest and capable of men and would grace the Presidential office with equal dignity, vigor and ability of any we have ever had in that office. Indiana is solidly for him and we shall go to the national convention with the intention of nominating him. I am pleased to learn that the Vice-President has many friends in the West, and particularly in Nebraska. I think there is no doubt of the sincerity of President Roosevelt's determination to retire and we all know President Roosevelt is a man of his word."

MARY HARRIMAN CUPID'S VICTIM.

DAUGHTER OF RAILROAD KING TO WED CONSUL AT MUKDEN.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 4.—[Exclusive Dispatch.] E. H. Harriman's daughter, Miss Mary Harriman, is engaged to William Straight, the American Consul-General at Mukden, Manchuria, according to cable dispatches received in this city today. The reported match is another romance growing out of Mrs. Nicholas Longworth's famous trip around the world.

It is said that Miss Harriman greatly surprised her father recently when she informed him that she and her fiancé were to be engaged for nearly a year. They met during Miss Harriman's tour of the Orient, having been introduced in Peking by the then Allice Roosevelt, and the key to the Union States was a case of love at first sight.

Mr. Harriman is said to be opposed to the love match, and requested his daughter to defer public announcement for the present.

Mr. Straight, who is only 30 at present, is said by all of the English and Chinese diplomats who have met him to be a man of great future in the consular service. He is a Cornell man but has been in China practically all his life.

Until the Russo-Japanese War, he performed important services for Sir Robert Hart, famous as the head of the Chinese customs service. During the war he acted as a war correspondent and subsequently was made American Consul-General.

GARFIELD VISITS MEXICO. With Distinguished Party, Secretary of Interior Inspects Work of Reclamation Service.

YUMA (Ariz.) Aug. 4.—[Exclusive Dispatch.] As the guest of Col. E. J. Randall, president of the California Development Company, James R. Garfield, Secretary of the Interior, M. H. Newell, director of the Reclamation Service, and Robert Pearson, auditor of the treasury of the Interior Department, went today nineteen miles into Mexico to inspect the work just completed by the development company.

Col. Randall also had as guests on this trip Joseph H. Kibbey, Governor of Arizona, W. F. Nichols, Secretary of the Territory, Louis C. Hill and Francis L. Sellow of the Reclamation Service, and W. J. Doran, H. T. Cory and F. C. Herrmann of the development company.

CRIME WAVE IN NEW YORK.

Attacks on Women Continue Day and Night.

Mobs Attack Nearly Every One Who Is Accused.

Riot Is Started in Harlem—Many Hurt.

NEW YORK, Aug. 4.—(Exclusive Dispatch.) Another murder attack was added to the police record of recent crime against defenseless women and girls.

The victim was Miss Ellen Bulger, a woman of middle age, who was walking in her apartment in the street, early in the morning, and was suddenly attacked by a mob.

She was taken to a hospital, where it was found that her skull had been apparently fractured, her face and hands lacerated and her body otherwise injured.

There was evidence that the woman had made a courageous fight. From the police learned from her she was surprised by a smooth-faced stranger, perhaps 40 years of age. He was dressed in a dark suit and a light shirt and dark trousers. He escaped.

Just before Miss Ellen Bulger was attacked, George Kuntner, a Russian, was seen with a mob of eight or ten men, who were attacking a girl who was set upon by a crowd of men and all but killed. His clothes were torn and his body and face were bruised. He was taken to a hospital.

Another mob set upon Hylo Soda, an Italian painter, who was similarly attacked and only the timely intervention of the police saved him from murder.

Among the many recent women murders has baffled the police more than the discovery of Sophie Heckler's body in a cellar of No. 200 East Sixty-second street yesterday evening.

The house is occupied by Harry and Mark, the one a lawyer and the other a merchant, and the dead woman was employed as a servant.

She had been left alone in the house and at 1 o'clock in the afternoon was seen by neighbors sweeping the stairs in front. About 2 o'clock children in the street saw a woman coming from a second story window and a fire alarm was given.

When the fire alarm was given, the woman was seen to be running away from the house in some disarray, and she was followed by a mob of men, who were shouting and playing a man on guard.

When the mob returned at 4 o'clock they immediately began a search for the servant, and found her in the cellar stairs, dead. The door was bolted in the evening.

BACK IN STREETS.

The police element among the mob and in the vicinity of the street and Thirty-sixth street and Fifth avenue, lined up according to their racial prejudices again today.

They were seen to enter a baseball dispute, and when the argument ended fifty men came from a second story window and a fire alarm was given.

Many acts of violence were used, and the mob was constantly augmenting its numbers while the police reserves kept retreating and were driven back by the mob.

MANSFIELD IS SERIOUSLY ILL.

ACTOR'S CONDITION ALARMS HIS FRIENDS.

Arrives at Lake Saranac on Special Train Looking Very Low and Although Family Tried to Convince Him State of Health, There is Reason for Fear.

BY THE ASSOCIATED PRESS—P.M.] AMPERSAND (Lake Saranac) AUG. 4.—The continued illness of Richard Mansfield, the actor, since his return from Europe, has aroused some apprehension as to the effect on his stage career.

Mr. Mansfield, accompanied by his wife, his brother, Felix Mansfield, a maid, a valet, and a secretary, arrived here by special train from Montreal last Sunday night, and are occupying a cottage, where Mr. Mansfield has his meals served. He refuses absolutely to see any one, but his brother, Felix Mansfield, speaking for him, said:

"Mr. Mansfield, as is well known, suffered a severe nervous breakdown, due, without doubt, to overwork. He had taken practically no vacation for several years. The voyage to England in the latter part of May rather upset him."

"He rested quietly at his country place in Sussex for nearly two months, living the quiet life of a country gentleman, but the weather was foggy, cold and rainy, and it was thought best to return to the city. He decided to come to the Adirondacks for a rest of a week or two, while his summer residence at New London, Ct., is being put in readiness for his occupancy. Mr. Mansfield has been advised to take a complete rest, and to free his mind entirely from business cares and professional matters."

"He sees nobody but the members of his family. He is considerably slowly but satisfactorily, and we believe it just a question of time when he shall regain his old-time strength and vigor."

Asked as to his brother's plans for the future, Mr. Mansfield continued:

"If he has any plans for the future he is keeping them to himself. Personally, I think he has but one plan, and that is to regain his health at the earliest possible time."

At the time when Felix Mansfield was giving this hopeful view of his brother's condition, he was endeavoring to summon physicians from Montreal and other places to examine his brother. It is known that Mr. Mansfield passed several bad nights, followed by some improvement. There is good reason to believe that his condition is more serious than his family are willing to admit.

Dr. Newton of this place was called in, and on Thursday Dr. Lemaux of Montreal arrived and visited the patient. Neither physician, however, would discuss the condition of the patient.

It is known that following Mr. Mansfield's nervous prostration he has suffered great pain from sciatic rheumatism, and recently of late severe pains, probably caused by pleurisy. He has lost flesh, his face is pale, and his eyes show the severe ordeal he has been undergoing. A trained nurse is now in attendance upon him, having been called from New York on Thursday. For the last few days Mr. Mansfield has taken daily drives in an easy vehicle.

PERSIANS WEEP OVER ATTACK. TURKISH TROOPS ADVANCING ON DISTRICT OF OROUMIA.

Dispute of Hundred and Sixty Years' Standing Approaches Climax at Time When Tehran Government is Least Prepared—Mob Breaks into Parliament Session With Threats.

THEIRAN (Persia) Aug. 4.—(Exclusive Dispatch.) News that Turkish troops are advancing on Oroumia produced extraordinary excitement at today's sitting of Parliament, the Ministry of Justice being present. All the Deputies went over the condition of Persia and the fact that even Turkey is taking advantage of the situation to endeavor to obtain possession of the country.

Crowds outside the House of Parliament broke in and accused Atabek Azam of being the cause of the present condition of the country, and of hoping to upset the Constitution. A telegram from the clergyman, Najef, was read, accusing Atabek of being a traitor and an unbeliever.

The mob demanded his dismissal or exile, or they say they will kill him, and proclaimed that the bazaars will close tomorrow if Atabek is not dismissed. The situation grows daily worse.

Turkey lay claim to part of the territory of the district of Oroumia, as the frontier has never been definitely settled. The dispute is an old one, dating back to 1748. Constant border warfare between wandering tribes finally led both countries to seek a settlement in 1823, but it was not until 1848 that a treaty was ratified providing for a commission to mark out the frontier. Nothing, however, was done and in 1852 England and Russia informed the Porte that they would draw up a map clearly showing the boundary. The map was not finished until 1865. Meanwhile, tribes on both sides of the lines continued their incursions, pillaging indiscriminately.

In 1869, a new protocol was signed to proceed with the marking of the territory. In 1871 a commission appointed under this protocol was still in session at Constantinople. Toward the end of 1906, Turkey began to occupy part of the disputed territory, sending four battalions of troops with two guns to the Oroumia frontier. Persia replied by sending a larger force. The Turkish commander asked for reinforcements, and in order to avoid a clash, it was decided to appoint two more commissions to visit the scene and settle the dispute on the spot. Now Turkish troops are reported advancing and this dispute of 160 years' duration is approaching a climax.

PICKS POWERS' JUDGE. Kentucky Executive Will Announce the Name of Special Jurist to Try Noted Case.

LEXINGTON (Ky.) Aug. 4.—(Exclusive Dispatch.) It was announced from the executive department at Frankfort this morning that when Gov. Beckham returns from Bardonia, Tuesday, where he has been on State business, he would give out his decision as to the successor to Special Judge J. E. Robbins, who vacated the bench last week in the Cash Powers case.

Since court adjourned on last Wednesday, the Governor has been in Bardonia, and has refused to discuss whom he will appoint. The announcement that he will appoint a man Tuesday to sit in the famous case is taken with surprise over the State, as it was thought the Governor would like to have the case postponed until after the November elections, he being a candidate for the United States Senate.

THE CITY IN BRIEF

BREVITIES.

Held for Petty Larceny.

Wilburn Dube, charged with petty larceny, was arrested yesterday at Buena Vista street, where he was found to have broken into and robbed a junk store.

Flourished Black Jack.

Jose Flores, who recently arrived from the City of Mexico, was arrested yesterday on Aliso street and charged with carrying a concealed weapon. Flores was excitedly waving a heavy "black-jack" and had threatened several pedestrians.

Dies Unattended.

E. A. Humphrey dropped dead of apoplexy yesterday morning at Encinas rancho on the Santa Barbara road. The body was taken to Bruce Bros. morgue last night. An inquest will be held today. Humphrey was taking baths for rheumatism in a spring near the rancho. He had been there about three weeks. His body was found in a tent in which he had been living alone.

Lays Siege to House.

William Johnson created a disturbance in front of a house on Rose avenue yesterday morning and was arrested by the police. Johnson had persisted in walking up and down in front of a house in which a young woman, of whom he is enamored, lives. He would shake his fist in a threatening manner at the occupants of the dwelling who peered at him from behind the blinds. A patrolman observed his threatening attitude and his arrest followed.

Robbed at His Doorstep.

A. S. Hamilton of No. 1018 South Main street was held up by a masked man in front of his home about 10 o'clock Saturday night. The robber secured \$5 and a watch. Hamilton reported his loss to the police last night. Hamilton was about to enter his place when a man approached him and asked for a match. While Hamilton was searching his pockets the man pulled a gun and shoved it in his face. The robber wore a dark handkerchief over the lower part of his face.

Little Girl Missing.

Mrs. R. A. Corralles, who lives at 1410 and 1412 streets, reported to the police last night that her grandchild, Donnie Simon, 18 years old, was missing. For several days the girl had been living with Mrs. Corralles. About noon Sunday she disappeared. Mrs. Corralles searched through the neighborhood, and called on several of the child's relatives. Mrs. Corralles believes the girl was lured away and was unable to find her way back to her grandmother's home. The police are searching for her.

Bitten by Dog.

Eddie O'Neill, aged 9 years, whose home is at No. 845 East First street, was severely bitten by a mastiff yesterday morning while playing with several children at First street and Central avenue. The youngsters were playing a game of "tag" when the dog came bounding into the circle and immediately attacked the O'Neill boy. The brute sunk its teeth into the calf of the lad's leg and the little fellow ran screaming with pain to a nearby store. The police attendance was called and when taken to the Receiving Hospital it was found the boy had sustained a three-fourth inch laceration on the calf. The wound was cauterized and the boy sent home.

TERROR TO EVILDOERS.

Former Captain of Arizona Rangers in City With Family—Now Warden of Prison at Yuma.

Thomas H. Rynning, warden of the Territorial prison at Yuma, Ariz., and former captain of the Arizona Rangers, arrived in this city yesterday with his family. They are registered at the Hollenbeck.

Rynning was second lieutenant of Troop D, Roosevelt's Rough Riders, and went through the Cuban campaign unscathed. Big, brave and warm-hearted, he is typical of the great western country. He is known as a sure shot, and a terror to evil doers.

As warden of the prison at Yuma, he has instituted reforms, improved the condition of the prisoners and established a record for firm discipline. During his incumbency there has been only one death at the prison, which holds on an average more than three hundred men.

"We always enjoy our trip to the Coast," said Rynning last night. "We Arizonans sometimes long for a sight of the sea, and a plunge in the surf. My family will remain in Los Angeles and vicinity for several weeks. This city is particularly friendly to Arizonians."

The warden was attired in a brown suit, cut in frontier style, and wore a big belt around his waist. But he discarded his gun. He towered above the other hotel guests and was a picturesque figure among the conventionally-dressed city men.

HANSCOM-GIDDINGS NUPTIALS.

Pretty Home Wedding in Which the Daughter of a Fire Fighter Becomes a Bride.

A pretty wedding was celebrated at No. 1429 East Twenty-third street last evening, when Miss Mary A. Hanscom, daughter of Mr. and Mrs. Frank Hanscom, was married to Charles O. Giddings.

The services were simple, only the immediate relatives of the contracting parties being present.

The solemn words which made Miss Hanscom Mrs. Giddings were pronounced under a beautiful wedding veil of asparagus plumose and carrot ferns. Pendant from the veil were four streamers of ferns attached to the walls of the room.

Mr. and Mrs. E. L. McMurtry attended the bride and groom, while the wedding march was played by Miss Legros.

The bride was dressed in a gown of cream silk trimmed with point lace. In her hair she wore a diamond brooch and the wedding gift of her father and mother. The couple received many beautiful tokens of regard from admiring friends.

A supper was served at the end of the wedding service. After supper Mrs. Giddings left on a short bridal tour. On their return they will live at No. 1429 East Twenty-third street.

CHINA SUPPLIES OAK.

Can Be Brought Across Water Cheaper Than It Can Be Shipped from Southern States.

To import hardwood lumber to this country would have appeared a few years ago like carrying coals to New castle, but a large Shanghai firm has begun the importation of oak lumber to Southern California in the expectation of establishing a good trade.

W. Edwards, a representative of the China Importing and Exporting Lumber Company, said last night, at the Hotel Alexandria, that a steamer chartered by him is now discharging oak lumber at San Pedro.

This lumber is not intended for railroad ties, but will be used for furniture and interior finishing," he explained. "There is an increasing demand for oak and we can bring it to San Pedro much cheaper than it can be shipped overland from Virginia and other Southern States. We shall make arrangements to have the lumber saved. At present it will be stored at the port."
